

News From Crescent Pond

Richard's portrait of the Rev. Dr. Nick Carter was recently unveiled at the Andover Newton Theological School in Newton, MA.

Richard's memorial portrait of Dr. Louis Magnarelli, known world-wide for his work on Lyme Disease, was unveiled recently at The CT Agricultural Experiment Station in New Haven, CT.

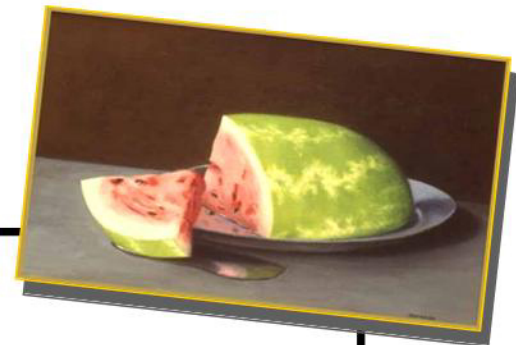

Richard has been teaching an adult education class, with Sandy's assistance, at Keene State College. He's also giving lectures on landscape and portrait painting to area organizations. He has been invited to do a demo, lecture and portrait workshop July 18-23 at the
